**ALIEN ORIGINS BY LLOYD PYE [DVD]**

Lloyd Pye is at the forefront of research into human origins from alien sources. His Intervention Theory proposes that human DNA is not of this world.

Using remarkable scientific analysis, Lloyd Pye makes a strong case in this presentation filmed at the International Scientific and Metaphysical Symposium in Australia.

A double feature, this DVD also includes Lloyd Pye's take on the mysterious 900 year-old skull of a child that shows evidence of an alien race once having walked planet Earth

Judge for yourself the amazing and in-depth research and evidence brought to light by this incredible researcher.

Did aliens once walk this planet?

Are we the result of some ancient genetic plan?
