ALIENS FROM OUTER SPACE: UFO LANDINGS, CRASHES AND RETRIEVALS [DVD]

For those who don't believe in extra terrestrial life, this amazing documentary reveals the facts they DON'T want you to know.

Join UFO researcher, Bill Knell, in this cult classic, which covers the suppressed and hidden information about the strangest and most fantastic UFO incidents in recent history. You will be amazed and bewildered by the countless UFO sightings by credible witnesses that defy explanation.

UFOs are real and they are here, whether we like it or not. And their technology far exceeds ours. If they decided to take over the human race, there would be very little our government and military forces could do about it.

This fascinating DVD includes: UFO crash retrievals; a mysterious massacre of a zoo full of animals shortly after a UFO sighting; Astronaut Edgar Mitchell's belief that the U.S. Government is hiding information about UFOs and extra terrestrial life; new and shocking UFO crash cases; Howard Hughes' experience with a crashed saucer and its occupants; President Franklin Roosevelt and UFOs; shocking worldwide UFO encounters and provocative actions; new cases of mysterious lights, explosions and UFO landings in the USA and much more!

Four hours of information, interviews and more.
