### QUANTUM MIND OF GOD [DVD]

What is the meaning of existance? Is there a Grand Architect? Is there an ultimate truth searched for by countless generations and lost in the mists of time?

Today we have a new science, a new terminology to explain and expound upon the biggest beliefs and religious systems. It has become apparant that the truth and understanding of our inner-selves is, in the end, our ultimate quest.

The void between belief and reality is indicative of the troubled planet we live on. As we all approach a dynamic future, the answers will emerge although they might not be what we're expecting.

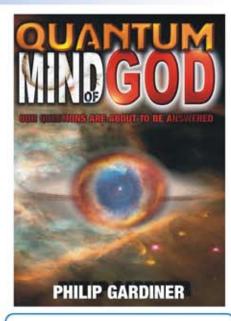

Philip Gardiner, the international best-selling author of Gnosis, the Secret of Solomon's Temple and The Ark the shroud and Mary among others. He speaks at conferences across the globe, from the Australian Scientific and Metaphysical Symposium to Universities throughout Europe. He has been featured on the Discovery Channel and appeared on Fox News and hundreds of television and radio shows on his personal crusade to uncover the truth behind the myths, legends and ancient mysteries.
